Jail Is Rapped As 'Deplorable Fire Trap' In Report

County Building For This Area Is Urged After Investigation

NEVADA CITY — The Nevada County jail is completely inadequate to accommodate the present number of inmates and the Truckee jail is "deplorable" and "a fire trap built many years ago." This is the opinion of the Nevada County Grand Jury in its final report submitted to Superior Judge Vernon Stoll.

The county jail was remodeled last and expanded in 1936, said the committee on jails and institutions, with a capacity of 24 male and three female prisoners, which frequently has been exceeded by 30 to 40 per cent. The report recommended remedial action as soon as possible on both jails, with priority being given the Truckee jail.

MORE DEPUTIES

The influx of population, said the committee, will continue to tax the jail facilities until the situation becomes critical. Two deputies were urged for the sheriff's staff.

Sheriff Wayne Brown was commended for his operation of his department and particularly for his work in compiling and sponsoring an ordinance regulating the operation of pleasure boats on county waters.

The juvenile home was considered to be adequate in size but escape proof. The jury said the windows of cells should be reinforced.

The report noted Nevada City needs one more police officer so two officers can patrol together at night.

The committee considered the Grass Valley Police Department excellent in operation and administration but urged the city council to take steps to have the chief organize and train an effective auxiliary force for emergencies.

TRUCKEE BUILDING

The rented quarters of the Truckee district court are inadequate. the committee said, and should be replaced by a county building which could house the sheriff's office and jail.

The buildings and grounds committee report also recommended the changes and additions or new structures suggested bv the jails committee, and the addition of a fire escape on the courthouse to service the jail section.

It also noted the deplorable conditions at the county dump on McCourtney Road.

The committee recommended hiring a man to supervise dumping and prohibit garbage or dead animals being dumped in the area. It also asked the county to burn materials and bulldoze the area more often.

NEW BOOK ON DONNER WRITTEN BY STEWART

A new Sunset Book by George R. Stewart, author of Ordeal by Hunger, Storm, Fire and other widely read books, is making its appearance under the title of Donner Pass.

This latest book is a story of the country made notable by the Stevens Party, the Donner Party, the gold hunters and the railroad builders. It is filled with illustrations showing the pass in summer and winter. These pictures, many never previously published, are both the pioneer and present time.

The book was written by an author thoroughly familiar with his subject, Stewart drawing upon his own 40 years of knowledge of the country. Added to his own knowledge, Stewart sought out additional facts from many sources and compiled a volume which will be a natural collector's item, authentic and entertaining. The book has a definite place in every local library.

GARY GUNKEL WILL OPERATE STATION

KINGS BEACH — Gary Gunkel, well known Kings Beach young man, has taken over the Kings Beach Shell Station opposite the Stop N' Shop and is offering a complete new service. He will specialize in night lubrication and will handle all necessary accessories as well as a complete Shell service for motorists.

The station was formerly operated by Mike Cinani and Ray Bergman.

TAHOE WEATHER

TAHOE CITY—With only two gates open, the level of Lake Tahoe Monday stood at 6225.43 feet, subject to revision. No precipitation was recorded during the week. The temperature ranged from 14 to 37 degrees. Total precipitation for the month of February at Tahoe City was 9.81 inches.

RETURNS HOME

Mrs. Elizabeth Bavier, Truckee postmaster, critically injured in an automobile accident several weeks ago, is back home following hospitalization and was greeting friends on the main street this week.

Only Two Mishaps Reported Despite Heavy Traffic Here

Only two injury accidents, neither serious, were among the 20 reportable vehicle mishaps during the period of the Olympic Games between February 18 and 28.

Sergeant Frank Snyder of the Truckee squad, said there were three nabbed for drunk driving, two for violating the county's sobriety ordinance and one car theft. The latter case was soon solved when three Auburn juveniles were taken into custody with the stolen car.

Friday night near Sunnyside at Lake Tahoe, Eugene Donnell of Diamond Springs and Mrs. Vivian Rice of Santa Cruz suffered minor injuries when a car driven by Collista Dake of Santa Cruz struck the rear of one driven by Donnell.

Sergeant Snyder said Vernon Lankford of Kings Beach filed a drunk driving complaint against Elma Klarenback of Kings Beach after he suffered injuries in a collision between their cars. The mishap occurred Monday at Kings Beach.

The patrol earned many favorable comments on the manner in which traffic was conducted and is credited with holding accidents and traffic snarls to a bare minimum.

The patrol incidentally, vacated the high school building here Sunday and Monday immediately after the games. There were 103 uniformed patrolmen on duty and 39 non-uniformed personnel employed here during the month.

Smith Active On His 88th Birthday

One of Truckee's most well known citizens and a resident of this community for the past 84 years on March 15 will observe his 88th birthday.

C. E. (Huey) Smith was born in Missouri in 1872 and came to Truckee with his parents four years later and has been a resident here since that time, keeping constantly active in his various occupations and a leader for years in civic activities.

Currently, Smith is water tender for the Truckee Public Utility District and makes a daily report on the condition of the wells and the amount of water available. To do this, he must walk to the principal well high over Truckee and take the measurements, reporting to the utility office each morning. This is a duty which would tax most men half the age of Smith.

With the exception of some failure in his sight, he has maintained good health and continues an active, normal life.

The community will join in extending best wishes on his 88th birthday.

SCHOOL IS NAMED IN ACTION ON BUILDING

The Tahoe-Truckee Unified School District was named in a suit filed in the Nevada County Superior Court last week.

Plaintiffs in the case, the Vind Brothers Construction Company, filed the complaint against E. H. Moore and Sons, the Tahoe-Truckee Unified School District, and five unknown persons. The Vind Brothers charge that within the last two years, the defendants became indebted to them in the sum of $20,122 for materials and labor, but have not paid the debt.

E. H. Moore and Sons was engaged in the construction of certain buildings at the Truckee schools.

DON RYAN GETTING SOUTH TREATMENT

Mrs. Don Ryan of Anaheim was the guest of her sons-in-law and daughters, Mr. and Mrs. Jack Ellis and Mr. and Mrs. D. Grayson with the Jack Fleischli family of Long Beach.

Mrs. Ryan said that her husband has been receiving treatment in the San Diego Naval Hospital and that he sent greetings to his local friends.

Kittie Ellis celebrated her birth date, February 18.

Baptist Church—

H. O. Gentry asks that if anyone is interested in organizing a Baptist Church in the Truckee area to please call him at LUther 7-3990.

Stubborn Fire At Denney Mill As Plant Is Damaged

Lack Of Hydrants Causes Lengthy Delay For Fire Fighters

One of the most stubborn fires in the annals of the Truckee Volunteer Fire Department was extinguished Monday afternoon in the kiln dryer at the Denney Logging Company plant just west of here between the Truckee river and the Southern Pacific tracks.

The fire apparently started from a defective thermostat which permitted the heat to go far above the usual 200 degrees in the tightly closed kiln. It was estimated that the fire started sometime Saturday but it was not discovered until 7:45 a. m. Monday when the alarm was turned in and the department responded.

Because there were no available water hydrants, a road had to be plowed through the heavy snow to the Truckee river to obtain water. In the meantime, it was not advisable to open the doors of the dryer since the draft would have caused the confined blaze to increase to a point where it would be impossible to control.

About 10:30 a. m. water was made available and the doors opened to permit the firemen to reach the smouldering lumber piles. Many of the piles were pulled from the dryer and salvaged, the flames being confined to one rack, although others were scorched by the heat and flames.

It was not until after 3 p. m. Monday that the volunteers, a dozen of whom had neglected their jobs and business to stay on the fire, were free to return to the station.

Fire Commissioner N. F. Dolley said no immediate estimate of the loss was made but he expected it to be high as much of the equipment in the kiln was undoubtedly destroyed.

CAMERON DINNER IS SLATED ON MONDAY

AUBURN—State Senator Ronald G. Cameron will be honored at a testimonial dinner next Monday nomics building, Auburn fairgrounds. Farrell F. Wrenn, genevening, March 7, at the home ecoeral chairman of the event, announced. Wrenn declared the public dinner is being sponsored by a group of Cameron's friends who wish to honor the state's freshman senator for the work he has done during his first year in office.

Cameron was elected to the senate in April, 1959, in a special election to fill the senate seat vacated by Harold T. (Bizz) Johnson, now second district congressman.

Wrenn also announced that State Senator Hugh Burns of Fresno, president pro-tempore of the senate, will be master of ceremonies and State Senator George Miller, Jr., of Contra Costa County, will be a speaker.

HELP RECOMMENDED FOR ASSESSOR OFFICE

Nevada County assessor's office six-person staff "is obviously insufficient in number for the county's workload."

This was the flat-footed statement in the personnel requirements chapter of the state board of equalization property tax assessment study for Nevada County just completed under date of February 15, 1960.

The study, which was completed by Ray Mrotek, one of the appraisers of the state board of equalization and written by John H. Keith, chief of the division of assessment standards, goes much farther and makes many recommendations for improvement of the office.

SKIIS STOLEN

Phil Illerich of Knights Landing reported to officers that a new pair of skiis, valued at $130 were stolen while he was visiting on Donner Summit Saturday. John Yondow of Mill Valley also reported the theft of a pair of Head skiis from the top of his car on Donner the same day.

Butlers To Stay—

Mr. and Mrs. Ed Butler came from North Highlands for the Olympics and now plan to stay here.

At Earp—

The Ben Lobnows were recent visitors to Earp, California.

High Spots Of The 1960 Winter Games

There are too many unsung heroes who assisted in making the Olympic Winter Games such a resounding success to list, but among the outstanding were the division of highway crews under the directions of Frank Fox, the California Highway Patrol, the security guard and the military personnel. All of these people contributed materially and are due for a vote of thanks. Individually, it would be difficult to list the scores who added their bit to the gigantic program. We think Dr. L. D. Nelson, as assistant medical director of the organizing committee, did a whale of a job in organizing the hospitals and personnel for any emergency. We believe Tom Dolley and Mrs. Pat Tonini, in handling the local housing program for the chamber of commerce have earned a word of appreciation. Walter Haug, who left his own business at San Simeon Lodge to assist in handling the ski lift operation in the valley, should be highly commended. Butch Beavers of Lake Tahoe volunteered his services and car to transport dignitaries to and from the Reno airport and many others were equally helpful in making the games such an outstanding success.

Mrs. Goodie Mori of Truckee never got to see the games. Accompanied by her husband and Mr. and Mrs. Richard Walker, she stepped from the car on the parking lot, took a couple of steps, slipped and fell, breaking both bones in her right leg just above the

(Continued on Page 8)

Suit Is Filed After Resort Is Picketed

AUBURN—A $100,000 lawsuit was filed here against the carpenters union, Local 2035 of Kings Beach, Placer County, charging the union picketed the Hilltop Lodge in Nevada County and kept potential patrons away during the Olympic Games.

Harry H. Herzog, representing the lodge, filed the suit in the superior court here last week. The complaint states he requested the union to send four carpenters to repair the lodge, and hired two other carpenters at the union wage scale when the local sent only two workers. Herzog said the union began picketing the lodge on February 18 at the time he expected an increase of business from patrons of the Olympic Games.

The suit asks for $100,000 exemplary damages and $3,000 a day for damage of business since February 18.

STANLEY RASMUSSEN SECOND IN DOG RACE

Sandra Van Sickle of Truckee swept all of the women's races in first place of the American Dog Derby held February 27 at Ashton, Idaho, driving hounds and as a result has been the subject of much favorable newspaper, television and magazine publicity.

Her father, Lloyd and brother Steven both won second places in the hounds division and boys race, at the same event.

Stanley Rasmussen of Kings Beach also picked up second place when he drove husky dogs in the Idaho derby. The animals are owned by Lonnie Goss of Nevada. Mrs. Rasmussen accompanied her husband to the races.

SCHOOLS REOPEN AS LONG RECESS ENDED

Schools in the Tahoe Truckee Unified District reopened Tuesday after a recess of one month during February when the buildings were rented to the deputies sheriff, the California Highway Patrol and the military for housing during the 1960 Olympic Winter Games at Squaw Valley.

The cafeterias were not opened until yesterday, giving the crews an opportunity to prepare menus and rearrange furniture and equipment.

PROBE DRINKING

Sheriff's deputies were called to the Soda Springs area last week to investigate a report that a bus load of Winters teen agers were drinking liquor. The boys were checked and a full report sent to the principal of the Winters High School.

Development For Squaw Area Will Require Millions

Private Interest To Build Additional Facilities In Region

Proposals to develop several million dollars worth of summer-winter recreational facilities in and around Squaw Valley, were outlined by Henry Branagh, superintendent of the Tahoe National Forest. Branagh said in a report issued on the eve of the closing of the 1960 Olympic Winter Games in Squaw Valley some of the projects are scheduled to start immediately.

"For example," he said Saturday, "within the next year a special use permitee plans to start construction of the lodge and ski lift facilities on his own and national forest land on the south side of Squaw Valley at the lower end.

"Two chair lifts will be built, which will run from the valley floor to two knolls on the ridge east of Papoose Peak. In addition, complete lodge facilities to accommodate about 400 persons will be situated on private land."

Branagh did not identify the developers.

He said another new winter and summer recreation area costing about $1,250,000 is planned for the upper Bear Creek basin south of Squaw Valley.

This project, he reported, is scheduled to begin in 18 months by the Alpine Meadows of Tahoe, Inc.

A third development, a $4,000,000 project on Ward Creek south of Squaw Valley, Branagh said, is expected to include a lodge, ski lifts, tennis courts, a swimming pool and a golf course.

About half of the land for this project, he stated, is national forest acreage.

Branagh said also more camping facilities will be developed, including an expansion of the Silver Creek Campground on the Truckee river. Contemplated are overnight camping, picnicking, house trailer and horse corral facilities.

CAPTAINS NAMED ON HEART FUND DRIVE

Janet Franklin and William Davis announced this week that seven captains from Naomi Rebekah Lodge and Donner Lodge of Odd Fellows have been appointed to help with the door-to-door collection for the Heart Association.

The captains who will help are Maggie Avila, Donner Summit; Janet Franklin, east end of Donner Lake; Georgia King, Meadow Park; Fredna Smith, west end of Donner Lake; Fosten Wilson, Truckee business district; Charles Vind, Truckee residential area and William Davis, Gateway.

The captains will cooperate in enlisting enough volunteers to knock on every door in the area during the drive.

The 1960 heart fund drive in California is headed by William Winter, noted television and radio news analyst and author of a book describing his own heart attack and his subsequent recovery. The county heart fund drive is headed by Lenore Vind and the Odd Fellows and Rebekahs are participating for the fourth year.

STUDY IS ASKED ON SQUAW POLLUTION

In anticipation of the alleged pollution of Squaw Creek and Truckee River by material used by the navy to pack the parking lots at Squaw Valley for the Olympics, the state division of fish and game requested Deputy District Attorney Fred P. Tuttle of Auburn to protect the interests of the public.

Tuttle stated that no legal action can be taken now. He added that a claim may be filed later if the expected pollution occurs in the streams when the snow begins to melt this spring.

ART SOCIETY HOLDS MEETING AT STUDIO

The Sierra Nevada Art Society held a new class in oil painting yesterday afternoon between 12:30 and 2:30 in Jolly's studio at Truckee, with Rafael Jolly as instructor. Anyone interested in studying fundamentals of the art are welcomed to the meetings, according to Mrs. William Fordham.

Ideal Weather Is Factor In Success Of Winter Games

Blessed with ideal weather, the 11-day spectacular 1960 Olympic Winter Games Sunday came to a dramatic and successful close with a beautiful ceremony Sunday afternoon.

Although dire predications were forecast by many of the daily newspapers, the television and radio, the games were declared the most successful ever held by the contestants, officials and spectators. Complaints, if any, were few as the well-programmed events followed one another in rapid order and the huge crowds attending applauded the manner in which they were staged.

After the opening day when a light snowfall covered the hill and valley to hide some of the unavoidable blemishes caused by mud, the weather cooperated and the fresh, chill air and bright sunshine, added pleasure for the more than 250,000 people attending.

It is believed by the planners that this attendance would have been materially swelled had it not been for unfavorable publicity on high prices, jam-packed highways, the uncalled for threats of storms and other disparaging remarks, most of which were retracted as the games progressed and it was found that none of the rumors were true.

The closing ceremonies featured the President's own marine band, the flag ceremonies in which the Olympic flag and the flags of Greece, mother of the Olympics, the United States Flag, representing the host nation and the Austrian flag, depicting the country selected for the 1964 games were saluted.

Avery Brundage, president of the International Olympic Committee, made a brief talk, praising the efforts of the planners and declaring the games closed. An aerial display of colored, illuminated balloons and fireworks sent the huge crowd homeward pleased and praising the efforts of the organizers.

New Officers Will Be Named By C.C.

Election of new officers and a report on the Olympics will feature a meeting of the Truckee Donner Chamber of Commerce to be held Wednesday, March 9 at Brown's Cafe, President N. F. Dolley announced.

Dolley, whose term was extended by unanimous vote of the chamber two months ago to permit him to continue in office until after the Olympics, having served two successful terms.

A number of important matters are scheduled for discussion and a large turnout of members is anticipated.

SCHEDULE FOR LENT SERVICES ARE TOLD

Lenten devotional services at the Catholic Churches in this parish were announced this week by Father P. J. O'Neill, local pastor.

In Truckee, daily masses will be held at 7:15 a. m. and evening devotions Wednesday at 8 p. m. and Friday at 8 p. m. In Tahoe City, daily masses will be Wednesday and Friday at 9 a. m. and evening devotions at 8 p. m. Wednesday. In Kings Beach, morning mass will be held Tuesday at 8 a. m. and evening devotions at 8 p. m.

Sunday masses for the remainder of the season will be held at Truckee at 9:30 a. m.; Tahoe City at 8 a. m.; Kings Beach, 11:30 a. m.; Squaw Valley 9:30 and 12 a. m. and Soda Springs, 8 a. m.

DAN DEMPSEY HAS SKIING ACCIDENT

Dan Dempsey, seven year old son of Link and Peg Dempsey of Lake Forest, has his left leg in a cast as a result of a skiing mishap at Granlibakken one day last week. While riding up the rope tow, Dan was hit by a stray ski, breaking his leg between the knee and ankle. It is expected that he will be in a cast for two months or more.

CAR LOOTED

Ray Cederberd of Everett, Washington, reported to sheriff's deputies that while his car was parked on a street here last week, the left window was forced open and $100 worth of clothing taken from the front seat.

Squaw Valley To Continue As Park; Governor Pleased

Beaches and Parks Takes Over Facilities As Games End

SQUAW VALLEY — This VIII Winter Olympics site officially became a State park Sunday for year around public use.

An agreement between State and Olympic officials concluded Sunday afternoon, announced that the beaches and parks division will take over operation of basic facilities about April 1.

There will be no interruption of services during March, however.

The facilities include ski lifts for sportsmen and spectators; Blyth Ice Arena, scene of Olympic hockey games and figure skating competition; outdoor ice oval, "fastest speed skating course in the world;" outdoor ice rink and parking for 600 to 800 cars.

DeWitt Nelson, director of the State Department of Natural Resources, said there will be no entrance charge at the park and auto parking will be $1.

The California spectator center will continue operation under the management of the ABC Vending Corporation which handled food dispensing during the games.

Governor Edmund G. Brown announced that the state will seek to keep basic Squaw Valley facilities in uninterrupted operation now that the Winter Olympics have concluded.

As soon as the International Olympics Organizing Committee releases the facilities to the state park commission, and that will be done just as soon as possible, the state will take over operations, the governor said.

Efforts will be made to effect the changeover in March, he added.

The governor said park officials are negotiating for continued operation of the ice rink and ice arena through June 30, that the California spectator center with its facilities for feeding visitors will be kept open by the present concessionaire and that parking faciilties for at least 600 cars will kept available.

The governor said a small deficiency appropriation to handle the costs through June 30 probably will be sought from the legis-

(Continued from Page 8)

Free Skating Now Offered In Valley

SQUAW VALLEY — The costly layout of ice rinks and ski lifts developed here for Winter Olympic competition among the world's top skating and skiing stars now is open for public use.

State of California authorities negotiated so swiftly to continue operations without interruption that skating will be free at the 4½ million dollar ice arana until a price scale can be figured out.

Charges on the ski lifts and tows, operated by Alex Cushing under lease agreements, will be the same that prevailed before Olympic officials took control of the ski slopes.

An all-day ticket good on six lifts will cost $5. The all-day rope tow charge will be $2.50. A single lift ride to the summit of Squaw Peak will cost $2 for non-skiers.

Bill Kerth of Sacramento, ice arena manager during the games and taking over as concession operator at the arena and speed skating oval on which three world marks were bettered, said skating on both rinks will be free for a week or more.

"It's going to be a complicated job to work out all the details and figure out what our charges to the public will be," Kerth said.

SONJA McCASKIE TO RETURN TO EUROPE

Sonja McCaskie, 21 year old member of the British ski team and a graduate of the Tahoe Truckee High School, maybe didn't do too well in the Olympic events, but she plans to continue her skiing in Europe and will study history and philosophy at the same time.

Miss McCaskie took up skiing when she came to Tahoe with her parents six years ago and won the birthday slalom of the Far West Ski Association earlier this year. She started corresponding last spring with the British officials in order to join the team since she had retained her British citizenship.

She joined the team when they came to practice before the games.

GROW GUESTS

Mr. and Mrs. Leslie Grow and Mrs. Edith Johnson enjoyed a visit last week with Mr. and Mrs. Crandall Hopkins and their four children of Clearwater, Nebraska. Hopkins is a grandson of Mrs. Johnson. The family group attended the Olympic Games and visited other local points of interest during their stay.

JUDGMENT MISTAKES ARE ACCIDENT CAUSE

Mistakes in judgment are the major factor in most traffic accidents that result from right-of-way violations, according to Sergeant F. H. Snyder, officer-in-charge of the California Highway Patrol's Truckee Substation unit.

Snyder said that about one injury or fatal accident out of eight is caused by a right-of-way violation. Only excessive speed causes more highway crashes.

"In almost all of these incidents, at least one of the drivers made a mistake in judgment," he declared. "Even highly intelligent people are subject to these errors. They can become impatient at what seems an excessive delay. They can even misjudge the speed of an approaching car, or just fail to look around because they are concentrating on something other that their driving."

Sergeant Snyder declared that the use of good judgment at all times will minimize the chances of becoming involved in an accident. In right-of-way situations, good judgment suggests that if there is any doubt at all, yield the right-of-way to the other fellow.

"The delay might be for as long as a minute or two, but the penalty for not yielding could be eternity," the Highway Patrol commander observed.

Winter Driving Tip

FOLLOW AT A SAFE DISTANCE—The slicker the road, the farther away from the vehicle ahead you should stay, reminds the California State Automobile Association. Give yourself plenty of room to stop. Remember, it takes from three to twelves times as far to stop on snow and ice as it does on dry pavement. Allow a generous margin and be safe!

JOB ABOLISHED AS BOARD HOLD MEET

NEVADA CITY—Nevada County for a short time last week was on its way to create a permanent position of special investigator in the district attorney's office at a monthly stipend of $415, but the proposal was rescinded when Sheriff Wayne Brown objected that the starting pay for the special investigator was more than his chief deputy could ever hope to attain under the present county salary schedule.

District Attorney Harold Berliner had asked that the position of special investigator, which was established a month or two ago on a six months trial basis, be made permanent. He informed the supervisors that such a position was necessary to the full activity of his office.

According to the board early in the afternoon moved to have an ordinance drawn setting up the position with a Step 1, Range 22, starting salary of $415, and to become effective 30 days after approval of the ordinance.

But a short time later, Sheriff Brown objected that such a position set up a salary more than his under sheriff could expect under the salary ordinance. He felt that his officers did equal duty to investigators for the money received. The motion establishing the position was rescinded by unanimous vote and the proposal left open for study and to be considered again at the March 1 meeting.

GEOGRAPHIC STUDY OF TAHOE IS MADE

LAKE TAHOE — A comprehensive study of geographic characteristics of the Lake Tahoe region is being distributed to members of the Lake Tahoe Area Council as the third in a series of special Topic Reports published by the council.

The technical report, entitled "Geographic Factors Relative to the Lake Tahoe Basin," was written by Raymond M. Smith, planning executive director of the council, as a preliminary to studies now under way for a regional master plan covering the Lake Tahoe watershed basin.

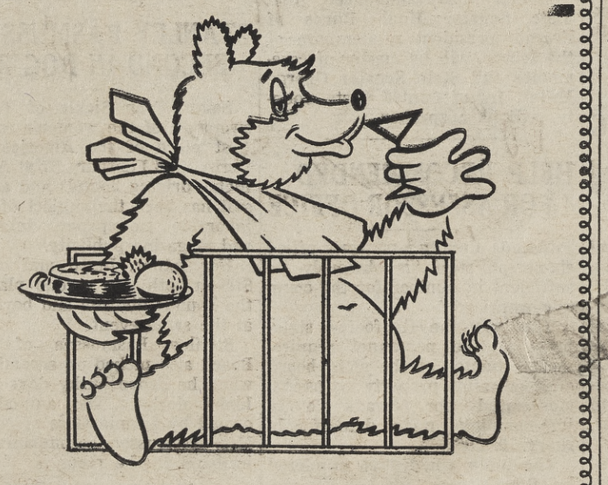

The report is the second technical study published by the council. First was "Littoral Drift," detailing the factors which cause shoreline beach alterations on the margin of Lake Tahoe. Other report issued by the Council detailed its early organizational history.

The geographical study first describes the location of the Lake Tahoe watershed basin, gives its geology, includes recorded data on weather in the basin, characteristics of the lake itself, and its location on the California-Nevada state line.

Advertising has been so busy talking about others it hasn't had time to talk about itself. It is the least understood industry in America. Yet it is a basic economic force.

It helps the farmer sell his crops. It helps the manufacturer sell his factory output. It helps the merchant sell his wares. It helps the technician sell his skill. It encourages giant corporations to tool up for mass production by speeding mass consumption. It is essential to our American Way of Life.

In short, America is a Better America—thanks to Advertising!

West Shore Notes

By NINA SLADE
LAmbert 5-7751
P. O. Tahoma, Lake Tahoe

At Tahoe City stores and vicinity the Volunteer Fire Department has left cards to be placed near your telephone, giving their number to call for all fires burning within the limits of their district. The volunteers urge everyone to understand the state and local fire laws. With help and understanding from residents and visitors, the volunteers would have a much easier time of it.

* * *

We were sorry to learn from Mrs. Bob Tonini, sister of Ken Oliver, who is critically ill in Reno that his conditions is unchanged. Ken came to Tahoe last fall from Edmunds, North Dakota to work and live. This is a sad blow to him and his family. His brother and brother-in-law, Frank and Ralph Cysewski, were pinch-hitting for him at the Union station during the busy games season, when Ralph was taken quite ill suddenly and is also hospitalized in Reno. Our sympathy and best wishes to both men and their families.

* * *

Louis Celia of Berkeley and Tahoma, who is president of the Tahoe Cedars Property Owners Association, writes that the yearly report has been mailed to members. Two problems will confront the association next summer, he says: zoning and fire districting. The Celias plan a vacation trip to Los Angeles, Palm Springs and Las Vegas and are already wishing the time away until they return to Tahoe.

* * *

Don't forget that Friday, March 4, at 8 p. m. the Tahoe Sierra Emblem Club, No. 347, will initiate new members at Crystal Bay Club. All those eligible for membership are urged to attend. The public is not invited to attend the initiation, but are cordially welcome to join the dinner at 6:30 and enjoy the dancing which will follow.

* * *

The Women's Club will enjoy a joint meeting on March 21 with the Wyethia Club at Smarts in Truckee. Please phone in your reservations early to Louise Geier, JU 3-3106 or President LePire, JU 3-3249 as they expect this to be a well-attended luncheon. All committee chairmen are urged to have their reports in for the Distric Chairman. Members can get a Federation club pin by mailing a check for $2 to Mrs. Gertrude Wilt, Tahoe City.

* * *

Rawson (Rory) Kehlam, son of Mr. and Mrs. Bruce Kelham of Homewood, will marry Sandra Postley, daughter of Clarence Postley of San Francisco and New York on June 25 at the Episcopal Church of St. Matthew in San Mateo.

* * *

The Marshall Ruhkalas of Lake Forest entertained a group of the Finnish ice hockey team last week. The Finns were delighted since most of them speak no English and the Ruhkalas are more than at home in the language and all had a wonderful time. The Ruhkalas also lent their good company and encouragement to the Finn cross country boys last week. The happy Finns celebrated their first gold medal at Sunnyside Lodge and welkin rang with Finnish victory songs and toasts.

* * *

Miss Nancy Winans, daughter of Mr. and Mrs. Ray J. Winans of Tahoe Park, has announced her engagement to Dr. Jack Spear of Santa Rosa. The announcement was made at a dinner party given by Mr. and Mrs. J. Leslie Spear in Santa Rosa. Nancy and Jack visited the Winans for the Olympics, with the J. Leslie Spears, the Vernon Garretts, and Dr. and Mrs. Clifford Carlson, all of Santa Rosa.

* * *

The Glen O. Smallcombs of Atherton and the Steltzners of Piedmont opened their Tahoma houses for the Games.

* * *

Mrs. Harvey O. Furbush suffered a broken ankle entering the Valley last week and was promptly hospitalized and x-rayed, while the Games ticket sellers arranged to dispose of their tickets for them, since it was necessary for them to return to Sacramento.

* * *

Guests of the Wayne Jacksons last weekend were Mr. and Mrs. Joe B. Hayward and family. Sue Jackson entertained Cheryl Huntley, Joe Ann Griffith, all of Auburn.

* * *

Ed White of Sacramento, Jack Dempsey and Mr. and Mrs. Bill Johnson are vacationing in Mexico and expect to spend a month there, taking in the Mardi Gras at Mazatlan and doing some fishing. Then they'll go on to Lake Chapala and Guardalajara, Puerto Vallarta and wind it all up in Mexico City.

* * *

Mr. and Mrs. Malcolm Hodge of Oakland and Meadow Park Resort were here for the Olympics.

* * *

The DeMarias of Woodland opened their Skyland house for guests during the games.

* * *

The B. T. Bensons of San Francisco admired the winter beauty at Tahoma while enjoying the spectaculars at Squaw Valley.

* * *

Those Olympic mail rockets we mentioned last week, which were shot from Washoe County, Nevada to Sierra County by the Rocket Research Institute, were launched February 18 and recovered February 20 and cancelled by the Olympic Valley post office. H. Harry Mueggenburg of Sacramento, chairman of the institute's astrophilatelic committee handling the flights of Olympia I and II is interested in selling these first day covers to help finance education in this field.

* * *

With this perfect weather and snow, don't forget the Lake Tahoe Ski Club resumes its regular Friday meetings in the Community Center at 8 p. m.

* * *

Sonja McCaskie, a student at Sierra College, Auburn, daughter of Mrs. Dorothy McCaskie, Tahoe City, competed for Great Britain in the women's giant slalom. Although Sonja finished last in 2:06.1, she finished upright, which is more than can be said of a number of other entries.

* * *

Local jumpers who placed in Class two: winner J. Garretson, Squaw Valley, followed by Mike Marvin, Tahoe City, Don Geisen, Pebble Beach; Class three: won by Greg Moore, Tahoe City; Class four: won by Jim Bechdolt, Tahoe City, followed by Lance Poulsen, Squaw Valley; Class five: won by Calvin Bechdolt, Tahoe City, followed by Bob Shontz, Tahoe City and Jimmy Carnell, Tahoe City.

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Regular Adjourned Meeting
February 15, 1960
Present: John T. Trauner, Clerk
Wm. J. Cassettari, Deputy District Attorney

The meeting was called to order by the Chairman of the Board, at 10 a. m. and it was noted that Supervisor J. C. Coughlan was absent, and all other members of the Board were present.

The minutes of the previous meeting were read to the Board by the Clerk, and a motion was made by Supervisor Loehr, duly seconded and passed unanimously, accepting the minutes as read.

A motion was made by Supervisor Smart, duly seconded and passed unanimously accepting the Auditor's report and ordering it filed.

Mr. Willard Rose and Mr. Jack Witmar appeared before the Board on behalf of the Conservation Council and requested that $150 be given the Council for purchase of certificates to be awarded during Conservation Week. A motion was made by Supervisor Smart, duly seconded directing the Auditor to draw his warrant in the amount of $150 payable to the Council. Upon a roll call ballot, a unanimous vote was recorded.

A letter was read to the Board from the Department of Social Welfare in regards to reclassifications in the Welfare Department, and the matter was referred to Mr. Brunker for his study and reply at the next meeting of the Board.

The newly enacted Brown Act or anti-secrecy law was explained to the Board by Mr. Cassettari.

A letter was read to the Board by the Clerk ,from the Chairman of the Board of Trade in regards to having their by-laws amended, and the Clerk was directed to notify the Board of Trade that they should re-write the by-laws and submit them in their entirety for Board approval.

At this time the Board adjourned for lunch, to reconvene again at 1:30 p. m.

AFTERNOON SESSION:

The Board reconvened at 1:30 p. m. and it was noted that Supervisor Coughlan was absent and all other members of the Board were present.

Mr. Cecil Edmunds appeared before the Board as a member of the California-Nevada Compact Commission, and entered into a lengthy discussion with the Board as to the future or potential use of the Truckee River watershed, and requested that the Board of Supervisors wholeheartedly support the Compact Commission in retaining the waters in the State of California.

Mr. James McKinley appeared before the Board and requested approval of the Martis Valley Estate Subdivision map, and a motion was made by Supervisor Loehr, duly seconded and passed unanimously, authorizing the Chairman to sign the map of the subdivision.

Mr. Harold Berliner appeared before the Board and requested that the Special Investigator in his office be made a permanent classified position. After a discussion with the Board, a motion was made by Supervisor Loehr, duly seconded and passed unanimously, directing the District Attorney to create the classified position in the salary ordinance at Range 22, step A, for the District Attorney's Investigator.

Mr. Tom Wuest, representing Greenwood Associates appeared before the Board on the proposed subdivision on the Southside of Donner Lake, and entered into a lengthy discussion on the feasibility of accepting the road to the subdivision. The matter was left to discretion of the Road Commissioner.

Mr. Graham, Road Commissioner, appeared before the Board and rendered the report of the Road Department which was accepted and ordered filed.

A discussion ensued wherein the Road Commissioner recommended that the departmental employees be taken out of the existing Salary Ordinance and placed in an ordinance pertaining to the Road Department alone. No action was taken on the request at this time.

Judge Verle Gray appeared before the Board, and again requested he be authorized to hire a part time clerk in his department. A motion was made by Supervisor Loehr, duly seconded authorizing Judge Gray to employ a half-time Clerk at $115 per month. On a roll call ballot, the following vote was recorded:

First District aye
Second District aye
Third District absent
Fourth District no
Fifth District aye

A motion was made by Supervisor Loehr, duly seconded to transfer the sum of $460 from Unappropriated Reserves to Budget Code 518, S-1. Upon a roll call ballot, the following vote was recorded:

First District aye
Second District aye
Third District absent
Fourth District no
Fifth District aye

Because of the lack of a 4/5 majority vote the motion was defeated.

A discussion ensued and a motion was made by Supervisor Smart, duly seconded to transfer a sum of $115 from Unappropriated Reserves to Budget Code 518, S-2 for temporary help. Upon a roll call ballot, a unanimous vote was recorded.

At this time the Road Commissioner reappeared in the Board Room and requested the Board to adopt Resolution 60-5, authorizing the Chairman to sign an amendment to the Brockway Agreement. A motion was made by Supervisor Robinson, duly seconded to adopt Resolution 60-5, and upon a roll call ballot, a unanimous vote was recorded.

Sheriff Wayne Brown appeared in the Board Room and entered into a discussion on the need of prior authorization for per diem allowance for his deputies in the event they are needed in the Truckee area during the Olympics. A motion was made by Supervisor Loehr, duly seconded and passed unanimously, authorizing the Sheriff to send his deputies into the Truckee area during the Olympics, if and when they are needed, and further authorizing per diem for those deputies.

The Sheriff then entered into a discussion in regards to the payment of the Special Investigator Range 22, which appeared to be three ranges above that paid the Undersheriff of Nevada County, and a discussion resulted in a motion being made by Supervisor Smart, seconded by Supervisor Robinson rescinding the action taken earlier in the session, creating the position of Special Investigator, Range 22, Step A. The Clerk was directed to notify the District Attorney and the matter was taken under advisement. Upon a roll call ballot, a unanimous vote was recorded.

Mr. Kitts, County Assessor, presented the Board with a study that had been made of his department by the State Board of Equalization, and the Board received the survey and took no action thereupon at this time.

At this time, a motion was made, duly seconded and passed unanimously to adjourn. Sine Die.

/s/ W. W. Bishop,
Chairman of the Board
Supervisors

'BEST FOR LESS'

"If we'd only left our problems at home . . ."

On the road, driving's your only problem! It better be! Your safety often demands quick decisions, taking the right action *fast*. Unless driving has all your attention, you could come up with the wrong answers. Last year, 37,000 people died in traffic accidents—40 times that many were injured. No driver can afford to overlook the consequences of inattention at the wheel. Keep your mind on your driving—keep on living!

COMMUNITY METHODIST CHURCH
Bear & Dollyvarden Streets
Kings Beach
Rev. Earl F. Langguth, Pastor
Phone LI 6-3890

Schedule of services:

9:45 a. m.—Christian Education classes for all ages.

11 a. m.—Morning Worship

This is the first Sunday of Lent and we begin our Lenten Sermon Series, this year upon the Beatitudes of our Lord. The first sermon in this series will be "The Richness of Poverty.".. Rev. Langguth will preach.

7 p. m.—Methodist Youth Fellowship.

Remember that our Quarterly Conference will be right after church on Sunday, March 20. We will have a light, potluck luncheon and then the meeting will follow. Every member of the church should attend, and we invite all of our friends to be here also. This is the time for the election of officers for the coming year.

The official board will meet after church this Sunday.

The Woman's Society of Christian Service will meet Monday evening at 7:30 at the church for their regular meeting.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Everyone Welcome
Sunday School: 9:30 a. m.
Morning Services: 11 a. m.

How the power of God brings man protection and strength will be brought out in the lesson-sermon entitled "Man" which will be read at Christian Science services this Sunday.

The spiritual relationship of God and the man of His creating will be emphasized in the Scriptural readings which include this verse: "The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?" (Psalms 27:1).

Among the correlative passages to be read from Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following: "Nothing but the power of Truth can prevent the fear of error, and prove man's dominion over error" (380:19).

The Golden Text is from Genesis (1:27): "God created man in his own image, in the image of God created he him."

The first permanent colonists in what is now California arrived by sea from Mexico aboard the "San Antonio" at San Diego on April 11, 1769.

DONNER DOINGS

By VIRGINIA O'BEAR

Well, the wonderful Olympics are over and all of the school children have gone back to school. Many people are finding it hard to get back in the swing of things after all of the excitement. I think all of us can be proud that we had the Olympics in our area and that we met interesting people from all over the world. The contestants were happy with beautiful Squaw Valley and all of the facilities during their stay. Their praises alone are worth all of the headaches the Olympic Planning Committee must have had with some of the poor publicity that appeared in some newspapers before the games. I think the Olympic Planning Committee deserves a gold medal for bringing these people together from all over the world to compete as friends and good sportsmen, and for the good will and understanding which the contestants found in the United States while being a part of the Olympic Games.

* * *

Mr. and Mrs. Art Lindauer of Santa Rosa came up for the Olympics and had as their guests at their summer home at Donner, Roy J, son of Roy Stallard who has been on duty with the highway patrol during February. Stallard left Sunday with his son to resume his duties in Redwood City with the highway patrol in that area.

* * *

Mrs. Art Mori suffered a broken leg last week when she fell on the ice in the parking lot at Squaw Valley. Goodie was unable to attend the Games as she spent several days in Tahoe Forest Hospital but is home now and has since picked up the virus flu to suffer along with her broken leg.

* * *

Mr. and Mrs. Spencer Richards have returned from a vacation in Los Angeles where they visited with relatives and friends.

* * *

Donner Lake Resorts will have a dinner and business meeting on Sunday, March 6 at 7 o'clock at Donner Lake Lodge. All business people at Donner Lake are invited to attend as it is to the advantage of everyone in business to participate in this worthwhile organization. Everyone is welcome to join as associate members or just come to the meetings to get first hand information on plans to publicize Donner Lake by letting everyone know what Donner Lake has to offer to year 'round vacationers. Brochures are on the the list for discussion as well as other advertising concerning fish derbys and something for hunting season. If you have any good ideas be sure to attend the meeting and get in on the fun of putting "Donner Lake" on the minds of everyone planning a vacation.

* * *

The Ladies Auxiliary will meet on March 17 for a dinner and business meeting with new officers elected at the last meeting. Many things are on the agenda as the firemen of the Donner Lake Volunteer Fire Department will sponsor the Donner Lake Regatta again this year and have called on the Auxiliary to help again. The regatta is scheduled for July 10 so members of the auxiliary and the firemen will be very busy preparing for the annual event. Members of the auxiliary voted to have the March meeting at Smarts and as soon as definite arrangements have been made, members will be notified.

The committee working on the zoning of Donner Lake reports that by the time the Nevada Planning Commission holds another meeting in Nevada City, this month, they will have the necessary information to present at that time. Committee chairman, Dick Swanson, said that many people are planning to attend the March meeting and that all property owners at Donner Lake are welcome to go.

MIZNER ATTENDING BOWLING MEETINGS

W. O. Mizner, owner of Kings Beach Bowl, Kings Beach, is in Chicago attending the Brunswick bowling management school.

The school has been conducted for the last five years by the Brunswick - Balke - Collender Company to present the fundamentals of bowling management to owners and operators of bowling establishments.

Kings Beach Bowl is scheduled to open for business about April 1960.

RONALD WHITE IS ARMY TANK DRIVER

FORT KNOX, Ky. (AHTNC)—Army Pvt. Ronald K. White, whose wife, Elethia, and mother, Mrs. R. M. Robey, live in Truckee, completed eight weeks of advanced training February 12 at Fort Knox, Kentucky.

During his phase of training, White qualified as a driver of the Army's medium tank, passed proficiency tests with the .30 and .50 caliber machine guns and qualified as a gunner with the 90 millimeter tank gun.

He entered the Army last September and completed basic training at Fort Ord.

The 20-year-old soldier is a 1958 graduate of Tahoe-Truckee High School.

WATER RATES WILL ADVANCE AT LAKE

CARNELIAN BAY—The public utilities commission of California has approved an application by the Carnelian Bay Water Company at Carnelian Bay, Lake Tahoe, to increase rates for its 82 customers approximately 19 per cent.

The order also provides that on or before March 31, the applicant shall have installed a chlorinating unit to treat the water from all sources of supply. The applicant also was requested to replace prior to October 1 the existing main 225 feet along Tallac Street and 515 feet along Olive Street and 225 feet on Flick Street.

It was ordered that on or before July 1, the applicant shall replace two pumping units now used to take water from Lake Tahoe with one modern pump and before October 1, to install a new dam to impound water in Watson Lake creek.

FIS APOLOGIZES FOR SQUAW STATEMENT

SQUAW VALLEY—The top officials of the World Ski Federation today publicly apologized for the foreign criticism of the Olympic Winter Games, and said the Squaw Valley games were the best organized in the history of the Winter Olympics.

"The FIS council has asked me to express our sincere gratitude for the way the Olympic ski races were prepared," said Marc Hodler of Bern, Switzerland, president of FIS.

Bjorn Kjellstrom, Swedish vice president of FIS, said he agrees with Hodler and added that there have never been better prepared cross country courses in the history of FIS or Olympic championships.

TAHOE PTA MEN WILL BE HOSTS AT DINNER

TAHOE CITY—The men of the Tahoe Lake School PTA under the direction of Orville Ingram, chairman of the ways and means committee, will sponsor a spaghetti dinner in the multipurpose room of the school on Saturday, March 12 from 6 to 7 p. m.

To help insure the success of dinner Ingram has arranged to have the famous chef, Gino Toschi of Madera and Squaw Valley, prepare the sauce from his secret recipe that has been handed down from generation to generation in the Toschi family.

The proceeds from the dinner will be turned over to the fence fund to help pay for the much needed fence at the school grounds.

Everyone is urged to attend—have a really good dinner and help in this very worthwhile project.

The tickets for the dinner will be $1.50 for adults and 75 cents for a childs plate.

GOVERNOR DECLARES ARBOR DAY MARCH 7

SACRAMENTO—(CNS) — Gov. Edmund G. Brown has broken his proclamation silence—but he had no choice in the matter.

Early in his administration, Brown announced he was through with giving publicity to any group that came along and wanted an official proclamation for National Pickle Week, National Pest Control Operators Week, and the like. True to his word, no such proclamations have been forthcoming.

Now, however, Brown has issued an official proclamation, setting March 7 as Arbor Day. It is the birthdate anniversary of Luther Burbank, famed California naturalist, and Brown asked that it be observed by the widespread planting of trees.

However, the proclamation was issued in response to a legislative resolution of May, 1947, which more or less requires setting the date.

The other organizations, days and weeks still are out of luck.

MEDALS AWARDED AT SQUAW GAMES

SQUAW VALLEY—Distribution of gold, silver, and bronze medals at the 1960 Winter Olympics:

	G	S	B
Russia	7	5	9
Germany	4	3	1
Norway	3	3	1
United States	3	4	3
Sweden	3	2	2
Finland	2	3	3
Canada	2	1	1
Switzerland	2	0	0
Austria	1	0	2
France	1	0	2
Poland	0	1	1
Netherlands	0	1	0
Czechoslovakia	0	1	0
Italy	0	0	1

Two gold medals were awarded as a result of a tie in the 1500-meter men's skating and the silver medal was omitted.

DIVIDEND

SAN FRANCISCO—At a meeting held February 26 the board of directors of Fibreboard Paper Products Corporation declared a quarterly cash dividend of 35 cents per share on its common stock payable March 31, 1960, to stockholders of record at the close of business March 10, 1960.

When California became a part of the United States in 1850 San Francisco had 200 houses, one school and one newspaper.

Until the early part of the 14th century worshipers in churches were accustomed to stand or sit on the floor.

dry clothes the magic way

It's unbelievable, the magic way your electric clothes dryer takes the work out of washday.

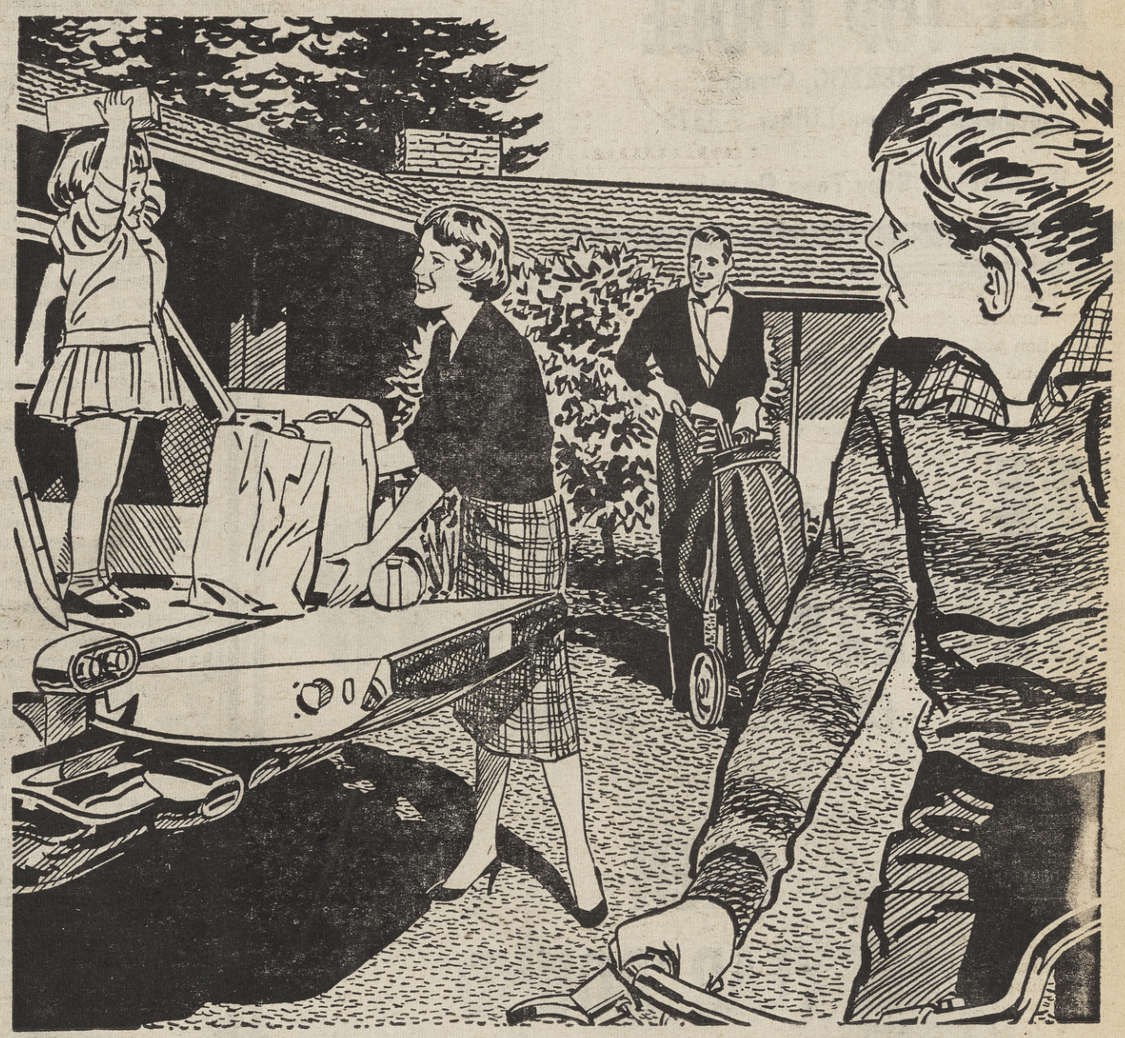

You dry clothes day or night, rain or shine! Less ironing, too, because many items come out of the dryer fluffy and soft, ready to store. Less wear and tear on your clothes and linens, too—and no fading. No dust, soot, or grime touch your clothes—just gentle tumbling action and electric heat do the job.

See your electric dealer about an electric clothes dryer, the magic way to better living, electrically!

WEST SHORE NOTES

(Continued From Page 3)

To add an Olympian touch to the meet, the Tahoe City Volunteer Firemen arranged a fireworks display beating Disney by a day or so.

* * *

Stan and Mabel Stanley of Tahoma stopped en route home to Santa Monica to see Jack Lynch, hospitalized in Auburn. Jack is looking fine, they say, and is in good spirits. Mabel said Jack seemed in better health than during the past two years. Everyone will be glad to hear that and happy to see him when he's able to return to Tahoe.

* * *

Spectators played their part in the big Olympic show. Among the eye-catchers we met were Ted Beckett of Zephyr Cove resplendent in a full length racoon coat. Only thing missing to match was a Stutz Bearcat. Everything from mink hug-me-tights to blankets adorned the women.

* * *

Janet Leigh and Tony Curtis of Hollywood were so smitten with Squaw they plan to come up with their children.

* * *

Some of the pigeons released at the opening of the Games decided to free-load and see the show. Games Boss Avery Brundage noticed six zooming around the area last Friday. Someone sent in $10 for a pigeon feeding fund. That makes it necessary to appoint a committee to spend it. Some of the Olympic participants are still soaring around the slopes.

* * *

The bright Olympic flame is quenched but the splendid Squaw Valley spectacle will burn in memory for many a winter to come, and the Valley remain a monument to the seldom equalled, never-excelled California Olympiad.

* * *

Tahoe can boast almost as many celebrities as the Olympic roster. Wilbur Adams of the Sacramento Bee devoted a column to our own Constable Harry Johansen who was one of the few who saw Squaw's possibilities as a winter paradise when he came to the lake area in 1934. Harry came to Tahoe via Sweden, Canada and Mexico. In the early days Johansen and his dog sled rescued a lot of lost persons from the snow and he recalls taking a great many criminals to jail on skis. Harry's sled dogs were the beautiful Samoyedes which came from Siberia originally but, in a snow machine age, the dogs were not needed so he stopped breeding them in 1949. Harry recalled that he and his sled drawn by nine Samoyedes led a party of 50 people into Squaw Valley years ago to inspect the snow and slopes for possible Olympic competition. He stood on the back of the sled with a pearl handled gun in his holster. The party picnicked where the Blyth Arena now stands. On that tour were Andrea Mead, Olympic ski champion, and her future husband, Dave Lawrence, Alex Cushing and Wayne Poulsen. They skied up the mountains and inspected the whole valley, naming KT 22 at the time. Adams reported that Harry used to be an expert skier as a young man in Sweden, but he looked a bit amazed as he watched the great athletes come down the mountains at breakneck speed.

* * *

Jack Neldam and his wife got up to Tahoma for the last of the events and enjoyed every minute.

* * *

Ralph Tahomas who lived at Tahoma several years ago dropped by to inquire about the Sil Sartors. Ralph drove out from Dalton, Georgia, where he is now living to stay at the Sierra Club near Donner and reported he enjoyed the Olympics tremendously. Says he misses Tahoe and hopes to return here next summer.

* * *

Mrs. Rene Guerra of Oakland and Rubicon reminisces that 1960 marks 100 years for her family at Tahoe. Her great-grandparents, the Thomas Audrains had Audrain's station on Echo Summit in 1860 and nearby Lake Audrain.

WEATHER

For the past week the weather has been just about perfect for

The family's Alvin Merrill homestead of Gravier Hot Springs, Mrs. Guerra tells us, was dedicated as a state park last year. The Audrain family now reside in Reno.

* * *

Nice to note the carping press that overplayed their pessimism about the Winter Games at Squaw are pulling their horns way in, now that the wonderful spectacular has come and gone in a blaze of glory for all who worked, sweated, toiled and strained to make it a success One nationally syndicated columnist had the grace to say he ought to have his head examined for his negative attitude, to which we can only add a hearty amen. Reminder: Dick Skuse, newsman and press agent sparked the idea which ended in a multi-million dollar spectacle.

* * *

Peg Wheeler of Tahoma and Palm Springs helped Fred Cunningham of Lakewood Lodge with the rush during the Games.

* * *

The Lake Tahoe Junior Ski Jumping Championships, staged under lights at Squaw Valley February 25, had international cooperation. Snowball Severud of Wisconsin, coach of the U. S. Olympic jumping team, acted as chief of hill. Olaf Ulland of Seattle, one of Norway's great jumpers, announced distances, just as he did at the big jump for the Olympics. Other officials were Gustav Raum of Seattle, Halvar Halstad of Squaw Valley, both famous Norwegian jumpers, who became Americanized in the Sierra; Jerry Wetzel of Reno, steward at the Olympic slide; Dinty Moore, Tahoe City, president, Lake Tahoe Ski Club, Bill Bechdolt of Tahoe City, former jumping champ, and Wayne Poulsen of Squaw, one-time champion of the Far West Ski Association. Thirty-four youngsters competed in the five age brackets. The junior jump is named in honor of Halvar Halstad, local vet jumper, who helped inaugurate California's first Olympic hill at nearby Olympic Canyon, an area now known as Granlibakken.

VISITORS

Besides the busy court days we have had many visitors among which was Mr. and Mrs. Ralph Haver, well known architect of Phoenix Arizona, friends of over forty years.

SHORT TRIP

Gwen and Robby Robinson took a few hours off to run down to Sacramento last Saturday on business. Gwen deserved it as she had been run off her feet with court affairs..

FUN TO COME

It looks more promising than ever that there will be a roller skating rink built for the enjoyment of young and old of our community. Here's hoping it won't be long.

DISAPPOINTED

Mrs. Rose Tilleberg, our neighbor, and her family, were here for a few days from San Francisco but had to leave suddenly for home on account of illness. We wish you good health, Rose, real soon.

GRANDCHILDREN

Andy and Alice Sorensen had Roy McMullen and wife Susie, bringing young Gregory who stays with Susie's mother at Penryn and will follow to Sorensen's this weekend. The McMullens live at Pasadena but are well-known at the lake.

U.S. Forces on Iron Curtain Termed Strong Deterrent to Aggression

Army

CAMOUFLAGED AND READY, two well-trained and well-informed soldiers of the U.S. Seventh Army are ever conscious of their vital role in our farflung defense line as they man a machine gun position in Germany. General George H. Decker, Army Vice Chief of Staff, has said that U.S. Army forces deployed along the Iron and Bamboo Curtains "provide concrete evidence to any would-be aggressor that the United States intends to hold firm against attack, not merely to liberate territory after its seizure."

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO—(CNS) — From all indications, considerable pressure is being put on Governor Edmund G. Brown for additional funds out of the state's general fund for the state division of beaches and parks.

This is for acquisition of land for state park sites and enlargement of presently operating state parks. The pressure, reportedly, has reached the princely sum of $3,000,000 in addition to the monies already in the budget for such acquisitions.

First, and apparently most likely to get top consideration in the governor's office is the proposed state park in Alameda. This project which accounts for a million dollars, was voted by the 1957 legislature, and the property not acquired because of the drop in tide-land oil royalties from approximately $12 to $5.5 million.

The division of beaches and parks considers the Alameda project as a "hair-line" operation, desirable, but not on the top priority list.

Consequently, the division dropped it out of the 1960-61 budget, much to the consternation of Assemblyman Robert W. Crown, (D-Alameda). Crown, when he heard no funds were available for the acquisition, made a bee-line for the governor's office, and as a staunch supporter of Brown and his policies in the lower house, received assurance the project would be included in the budget.

In fact, the word has gone down to the division of beaches and parks to "get moving" on the project.

Assemblyman Jesse Unruh, another Brown supporter in the legislature and chairman of the ways and means committee, reportedly wants another million dollars included for further acquisitions at Pueblo de Los Angeles, more popularly known as Olvera Street, in the city of Los Angeles. The governor's office, it was learned, has given support to this project.

The third project the division of beaches and parks expects to see approved is acquisition of the Locatelli property adjoining Big Basin redwoods in Santa Cruz county. A Republican, Senator Donald Grunsky, of Santa Cruz county, is pushing this project, and the word is that the pressures from several sources have caused the governor's office to see that this too gets in the beaches and parks acquisition budget.

With the field wide open on acquisitions, it is possible that other legislators will come to the front with requests for developments in other areas.

Thus, a situation in which a lot of "horse-trading" occurs, will develop during the forthcoming budget session, and if too much money is requested out of the state's general fund, there is the possibility none of the projects will secure approval of the legislature.

There will be a battle over the acquisition of additional land in Squaw Valley for state park purposes. A million dollars for this purpose is requested. And the state park commission itself is divided on whether this would be a good investment for the state.

It remains to be seen whether the legislature will approve the new moves for approximately three million more in acquisition funds for beaches and parks, particularly with no indication the tide-land oil revenues will be jumped for at least another year.

PRICES OF TICKETS TO FAIR MAY GO UP

SACRAMENTO—(CNS) — It appears the California State Fair has played its last run as a 50-cent attraction.

State fair directors, at their monthly meeting in Sacramento dodged the admission question for the time being, but agreed to consider it and take some action at the next meeting, scheduled for March 24. However, during discussions, directors agreed some price boost might be in order. Some favored 75 cents, others a dollar.

In the legislature, however, there's not so much uncertainty. The 1960-61 budget of Gov. Edmund G. Brown for the fair is based on the charging of a $1 admission fee.

Financial committees of the two houses, considering the budget, not only have gone along with this proposal but have cut back the fair spending even more. In an assembly ways and means subcommittee, legislators voted to cut the operations budget by $26,000 and the advertising fund by $30,000.

In a senate finance subcommittee, the fate was about the same. It cut $15,000 from the operating budget and $45,000 from the advertising budget.

The action drew criticism from Robert Harkness, assistant finance director.

"We have come with clean hands," he said. We are trying to put the fair on a paying basis with a $1 admission.

"The exposition just can't operate with an arbitrary cut of this kind," Harkness said. "These techniques and tactics are positively wrong."

The budget for the fair, as submitted to the legislature, totaled $2,275,954.

TRAFFIC ACCIDENTS INCREASE IN STATE

Traffic accidents on California's streets and highways took the lives of 3,588 persons during 1959, an increase of 8 over the previous year.

California Highway Patrol Commissioner Bradford M. Crittenden, in announcing the official figures. added that the all-time record for fatalities in California is 3,804 and was established in 1956.

"We deplore the fact that traffic fatalities, which had been on a downward trend since the 1956 peak, turned upward last year," he declared. "We are disappointed, even though facilities rose only 2.2 per cent whereas the volume of traffic increased approximately 5 per cent."

Crittenden noted that deaths on suburban and rural roads which are under the Patrol's jurisdiction totaled 2,199 while the number of persons killed within incorporated cities totaled 1,389. These figures represent increases of 22 and 56, respectively, over last year.

"By an unusual quirk of fate, 16 fewer fatal accidents occurred in the unincorporated areas, even though they took a greater toll of lives, he added. "There were 3,062 fatal accidents statewide, of which 1,791 occurred in unincorporated areas and 1,271 in cities. Of the previous year's 3,041 fatal accidents, 1,807 occurred in unincorporated areas and 1,234 within cities."

The CHP official also disclosed that 143,634 persons were injured during the year in traffic accidents, an increase of 6 per cent over the previous year's total of 135,565. Unlike fatalities, more persons were injured within cities than in the unincorporated areas, the totals being 90,251 and 53,383, respectively.

HIGH SPOTS

(Continued From Page 1)

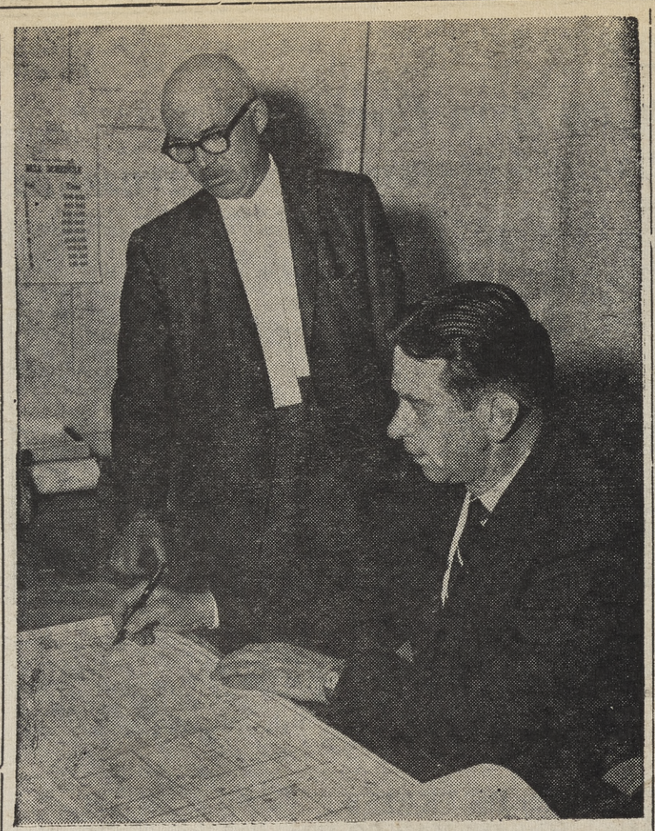

ankle. She was taken to the Tahoe Forest Hospital for treatment.

The Associated Press reports that an estimated $2,475,000 in revenues was taken in by the organizing committee staging the games. Approximately $2,100,000 was taken in from the sale of tickets. Ski lift revenue totalled $80,000 while the parking lot accounted for $90,000, concessions $95,000 and the sale of programs $105,000.

There can be little doubt of the impact which holding the Olympics at Squaw Valley has made on the future of this entire community. It would be ridiculous to think that we will continue to host the number of people which visited during the games, but we believe the region will continue to be the leading winter sports area of the world as a result of the Olympics. That the games cost a lot of money and a lot of work cannot be denied, but the value to the area as well as the state as a whole will eventually far exceed the cost.

One of the most notable things about the games was the friendliness and lack of impatience among the spectators. Never were there complaints, abuses or crowding and rushing as is usually evident when thousands of people congregate. Everyone, including officials, competitors and spectators entered into the friendly spirit which prevailed and even vehicle drivers waited patiently with a warm smile while pedestrians crowded the roads ahead of them.

Alaska was discovered in 1741 by Vitus Bering, a Dane employed by Russia.

Building of the new Sierra College started Monday of this week on the new 210 acre campus acquired near Rocklin by the board of trustees governing the college.

Shown above is Harold M. Weaver, right, district superintendent, signing an authorization to G. H. Ball, contractor. It was forwarded by architect Gordon Stafford, left, on February 25, and the Ball company was on the job Monday of this week at the Rocklin site.

The contract calls for the expenditure of $2,249,999 for eleven complete buildings and one partially completed gymnasium. The gymnasium will be completed on an alternate bid if finances permit, the board announced recently.

The entire project, when completed, will represent an investment of more than $3,000,000. It will be ready for use in September 1961.

CIVIL AIR PATROL TO HOLD MEET MONDAY

By VIRGINIA O'BEAR

The Civil Air Patrol Auxiliary of the United States Air Force will meet Monday, March 7 at the Veteran's Memorial Building in Truckee, at 7:30 p. m. Attending this meeting will be Captain Gordon Melcher and Chaplain Hurst from headquarters Civil Air Patrol Wing, Reno. It is hoped that everyone interested in this worthy organization will attend as these officers will help get the staff together to obtain a charter.

One of the most important phases of the entire Civil Air Patrol program is its remarkable aviation education program. It is one of the most complete and thorough programs of its kind ever undertaken.

Covered in this program are such subjects as meteorology, navigation, first aid, marksmanship, mechanics of the aircraft used, military discipline and courtesy, search and rescue techniques, radio and other communications, courtesy to the United States Flag and many more. These subjects are all taught by senior members of Civil Air Patrol, members of the United States Air Force and by specialists volunteering their services. The Civil Air Patrol has much to offer to young and old, in the air or ground work, either as a hobby, socially, or as a possible future career.

The time for this important meeting is 7:30 on March 7 so try to join your friends and neighbors and help get a large membership for our area. At the conclusion of the meeting, refreshments will be served to those present.

Raffetto Visits

John A. Raffetto, Republican candidate for senator from the 7th senatorial district, including Placer, Nevada and Sierra counties was visiting friends here yesterday.

HELD FOR BAD CHECK

GRASS VALLEY — Kenneth Ford, 35, of Truckee was arrested there on a bad check charge. He is now beink held in the Nevada County jail on $3,150 bail.

Bernard White of Sacramento, a veteran local skiier and son of Mr. and Mrs. C. B. White, was up during the games to act as steward at the jumping events.

Patient At Reno—
Elwood Buehler underwent his second serious operation Tuesday, at a Reno hospital. His friends are hopeful for his early recovery of health.

Breaks Ankle—
Mrs. Art Mori who started for the Olympic Games last week, returned home without seeing them when she fell and broke her ankle in two places.

Home Again—
Bill Strickland of Donner Summit is home again after undergoing a serious heart operation in the east. Strickland said that several months continued rest are the doctors orders.

DRUNK DRIVERS ARE GRANTED REPRIEVE

SACRAMENTO—(CNS) — The state department of motor vehicles will stop its program of suspending driver's licenses on first offense of drunk driving, pending review of the subject by the state supreme court.

The court has set for April 4 the hearing on a appeal from Robert D. Hough of Los Angeles, who said the department had no authority to suspend his driving privileges under its "get tough" program.

Dozens of the suspensions have been stayed by superior court actions but the Hough case is the first to be tested in the supreme court.

Robert McCarthy, DMV director who instituted the controversial program of suspending licenses which the courts did not suspend, said he welcomes the review by the state's highest court.

"It is of secondary importance whether the department of motor vehicles or the traffic courts have the power to suspend licenses," McCarthy said. "The vital point here is that this power be exercised by someone against the menace of drunk driving."

McCarthy said he would obey immediately any orders of the supreme court.

SQUAW VALLEY

(Continued From Page 1)

lature. Money for operation is already in the 1960-61 budget request, but only $60,000 for policing is provided in the current budget.

The governor said cost estimates are not available, but that some $250,000 may be needed.

"Public interest in Squaw Valley is properly at a peak now," he said. "I want to make sure that the taxpayers who helped pay for this splendid spectacle can continue to visit the scene and enjoy the facilities themselves."

The governor said athletic dormitory facilities cannot be made available this season, however. They are required for the committee's deactivation process.

He also said he would support legislation in the current special session to make it possible for the state to acquire additional property in the area by condemnation.

The governor said such support would not commit him or the state to take additional properties, but would provide "leeway to do whatever we decide is necessary to protect the investment of the state in this great recreational facility and this beautiful valley."

Brown said he has been told that no new session call will be required to permit consideration of such legislation. He earlier issued a special session call for consideration of the $1 million "snowy day" fund sought by Olympic officials to handle emergency problems.

APPOINTMENTS FOR FAIR DISTRICT MADE

Governor Edmund G. Brown today announced appointment of Kenneth E. Maloney and Herbert O. Pingree and the reappointment of Henry E. Magonigal to the board of the 1th District Agricultural Association (Nevada County).

Maloney, Nevada City Democrat, is employed by a lumber company. He has been active in 4-H work, the Future Farmers and Boy Scouts of America.

He also is a member of the Nevada county horsemen's association. He replaces Robert K. Graham of Nevada City, whose term expired.

Pingree, a native of Nevada County, also is a Democrat and has been active in 4-H work, the Farm Bureau and county fair work. He is married and has three children.

Pingree, who still lives on, and operates the farm on which he was born, fills a newly created position on the board.

Magonigal, a Grass Valley Republican, is a stockman and also active in 4-H work and the Farm Bureau. He has been on the board since August, 1958.

All the appointments are for four-year terms.

SON BORN

Mr. and Mrs. Donald Prouty of Kings Beach welcomed their son March 1 on his arrival at Tahoe Forest Hospital. Raymond Christopher are the given names of the lad whose first registered weight was 8 pounds, 6 ounces.

GORDON REELECTED FAIR BOARD PREXY

At the regular meeting of the Board of Directors of the Nevada County Fair at Grass Valley, held on Tuesday evening, Gail Gordon was re-elected president, Elton Williams was re-elected vice-president and Malcolm E. Hammill was rehired for his third year as secretary-treasurer of the association.

William E. Castner of Pleasant Hill who called the square dances at the Memorial Building last week and whose popularity drew people from as far away as the bay area was hired by the board of directors to call the Saturday night square dance at the fair on August 27.

A new contract for the Bullion Volunteer Fire Department for a repeat of their highly successful 1959 fair cafeteria was approved.

With many requests already on file with the fair management for exhibit space in both the exhibit building and the industrial area, the fair board approved 30 cents a square foot in the building and 5 cents a square foot in the industrial area, the same as last year but placed a minimum fee of $15 to $25 on small spaces among the trees, depending on the location. The inside space has a minimum of $30.

WARNING: THIS IS YOUR LIFE

Recently, in the Journal of the American Medical Association, a report appeared on 1,513 business men who had undergone routine physical examinations. Previously unrecognized diseases were discovered in 40%! The newly found disease "was believed capable of resulting, if unchecked, in death or major disability in over one-half," the article said. "In about one-third . . . it was judged capable of producing minor disability, while in the remaining 9% the disease was judged insignificant.

This report was based on a study conducted at the University of Pennsylvania Diagnostic Clinic from 1949 to 1958. All but 13 were men. The average age of the group was 45, with a range from 24 to 76.

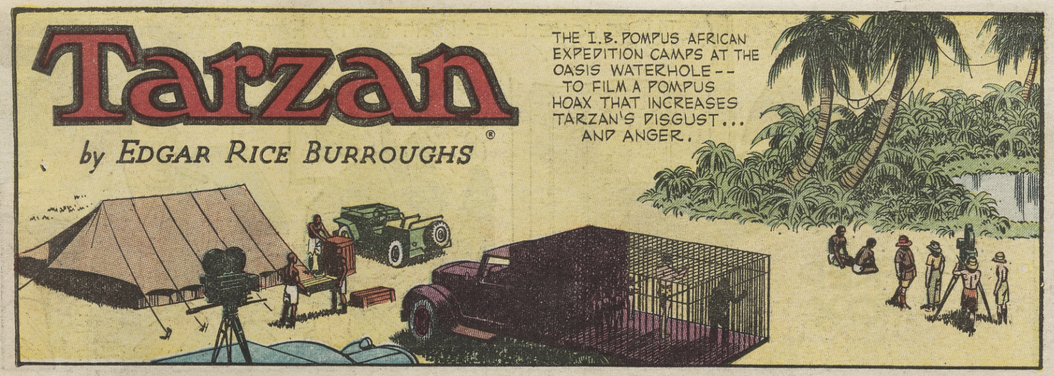

No more eloquent testimony than this could be presented in favor of the value of periodic check-ups. Surely you owe it to yourself and your loved ones to see to it that your precious health and vigor are kept at optimum. And your doctor will quickly agree that preventive medicine is far superior to pills and potions!

So see him regularly — once a year at least. If he prescribes a regimen that includes medication—well, that's where we come in. You can count on us to serve you promptly and efficently whenever the need arises.

by FRED FOX

I'LL BE HOME LATE! DON'T WAIT UP FOR ME!

HAVE A NICE TIME BOWLING, MA!

HELP! HELP!

SOMETHING'S HAPPENED TO MA! WE'D BETTER GO SEE!

DON'T GO OUT THERE! DON'T GO OUT!

WHAT HAPPENED, MA!

HE STRUCK ME WITHOUT WARNING---RIGHT IN THE EYE!

WHO STRUCK YOU?

I DON'T KNOW--- IT HAPPENED TOO FAST! AS I WALKED TO THE GARAGE, HE HIT ME --- THEN HE WAS GONE!

DIDN'T YOU EVEN HEAR HIM?

NO! HE DIDN'T MAKE A SOUND! HE JUST HIT ME, THEN VANISHED! IT WAS SPOOKY!

FRED FOX 3-6

I'D BETTER GO OUT AND HAVE A LOOK AROUND!

SAM, BE CAREFUL! HE GIVES NO WARNING---HE JUST SNEAKS UP AND **STRIKES** YOU!

RJA

A FEW MINUTES LATER ...

WELL, I SOLVED THE MYSTERY! THE SAME THING HAPPENED TO ME, DEAR!

SAM--YOUR EYE IS TURNING BLACK!

YES, DEAR ... I STEPPED ON THE RAKE, TOO!

I WONDER WHAT ROCKY'S GONNA DO WITH ALL THOSE BIG BOXES.

LET'S GO AND SEE—

YOU'RE JUST IN TIME TO HELP ME BUILD A HOUSE, PENNY AND PAT.

WHAT KIND OF HOUSE?

TO PLAY IN— OR HAVE OUR CLUB MEETINGS IN—

THAT SOUNDS LIKE FUN—

THIS'LL BE ONE SIDE AND YOU CAN MAKE THE OTHER SIDES, PAT.

WHAMO

WHAT'LL I DO?

HELP US HOLD UP THE SIDES WHILE WE POUND THEM INTO THE GROUND SO'S THEY'LL STAND UP.

THIS DOESN'T LOOK LIKE MUCH OF A HOUSE TO ME.

KABAM

WHAT'S THE MATTER WITH IT?

IT DOESN'T HAVE ANY WINDOWS — *EVERY HOUSE HAS TO HAVE WINDOWS.*

WHY?

SO YOU HAVE SOMETHING TO CLOSE WHEN IT RAINS!
